Lloyd's Register of Shipping.

Toldbodgaten 20,

Oslo, 27th September 1933

Reference

E

Dear Sir,

Referring to your letter of the 26th instant respecting the refrigerating installation for Messrs. A/B Götaverken's no.476 we beg to acquaint you that the ice melting capacity in accordance with the evaporator and condenser temperatures is about 82 tons per 24 hours.

54.

We are, Dear Sir,

Yours faithfully

THE SECRETARY

LONDON.
