ENCLOSURE.

31st August, 1933.

Dear Sirs,

E.

I have to acquaint you that the Society's Surveyors at Oslo have forwarded a report on the refrigerating machinery made by Messrs. A/S Drammens Jernstoberi & Mek. Verksted for Messrs. A/S Gotaverken's Yard No.476, and state that the survey will be completed at your port.

In the circumstances therefore, I await the receipt of your report on this case in due course, and may add that, on satisfactory completion, a record of \* Lloyd's RMC (with date) for temperature 33°F will be assigned. You should, therefore, be guided accordingly when issuing the interim certificate.

For your information and guidance I think it well to enclose herewith a copy of the approved specification, which details the spare gear to be supplied.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

GOTHENBURG.
