London, E.C.3.

Dear Sirs,

M.V. "Fort Hearne"

We refer to our letter dated 30th March, 1960, and now have pleasure in enclosing copy of Inspection Certificate of the Canadian Steamship Inspection Service in respect of the above vessel.

In a covering letter to the Certificate, the Inspector stated that it was not possible to ascertain the wear down of the stern bush whilst the vessel was afloat, but in the opinion of our Transport Department in Winnipeg little wear should take place as the vessel only operates approximately eight weeks each year, that is during the summer season.

Yours faithfully,

For BAY STEAMSHIP CO. LTD.,
