Dear Sir:

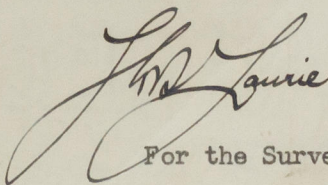

M/V "FORT HEARNE"

We now acknowledge receipt of your Classing Letter of the 7th ult. in connection with electrical installation on the above mentioned vessel.

We have to state that the wireless on this vessel is, in fact, operated by storage batteries. These storage batteries are in turn charged from the switchboard. Fuses and switches are provided to charge the various batteries.

We hope the above arrangement is acceptable to you.

Yours faithfully,

For the Surveyors.
