Dear Sir:

I am advised by the Seattle Surveyors that on their first entry report #624 covering the steamer "WEST MOUNT," the N.H.P. was given as 512 instead of 543, on account of the heating surface of the boilers having been taken as 7260 square feet, whereas it should have been 7956. The fees are being corrected.

I am, Dear Sir,

Yours faithfully,

*R. P. [Signature]*

Secretary to the  
American Committee.
