Sabo*

July 24, 1959

Date:—

With reference to the New Orleans Surveyor's Report No. 343, I shall be glad to learn that definite arrangements have been made by the Owners for the Special Survey to be carried out by the end of September.

It is anticipated that this ship will soon be recommissioned. From a conversation over the telephone with the Owners in New Orleans I gained the impression that it was unlikely that the SS would be carried out before the end of September and that the class would be allowed to lapse.

The Main Boiler Survey became due at the end of May and confirmation is requested that this inspection will be held concurrently with the Special Survey.
