

Honduran steamer "CEFALU"

Class:- 100A1. with fbd.

The New York Office report that freeboards have now been assigned by the American Committee under the provisions of the U.S.A. Load Line Act. The summer freeboard corresponds to that originally assigned by this Society under the 1906 Board of Trade Rules.

It is submitted the freeboards now assigned, which comply with the conditions of classification, merit approval, and the record of freeboard be amended in the Register Book in accordance with the particulars on the attached verification of marking form..

It is noticed that a number of minor errors have been made in the computation, but which do not affect the freeboards now assigned. Certain amendments have, therefore, been made in red ink on the report. It is further submitted that a photoprint of the amended report be forwarded to the New York Office for their information.
