Surveyor(s) at **MARSEILLES**

Date: 22nd July, 1960.

Name: **M.S. "IOPAS"**

QUESTION	ANSWER
----------	--------

With reference to your memorandum of the 21st July, 1959 and previous correspondence, it is concluded that this ship is still laid up in the Etang du Berre, but your confirmation on this point will be appreciate

9th August, 1960.

We are now informed by the Owners that the "IOPAS" is still laid up at Berre and will shortly be sold for breaking up purposes.

I think it well to add that in addition to the outstanding surveys previously stated as overdue, it would appear from the records in this Office that the Steam Pipes Survey became due at the end of March, 1959
