Dear Sirs,

s.s. "PROSPECTOR" 6165 tons

With reference to your letter of the 1st November in connection with the above vessel, we wish to advise you that this vessel has been renamed s.s. "EKTON" and her Classification will continue with your Society.

The vessel is at present proceeding to Colombo, and she will eventually be demolished in the Far East. As a result of delays in discharging of the present cargo, and the future employment, we now estimate that the vessel will not be delivered to the Breakers earlier than the beginning of March, 1962.

We will appreciate it, therefore, if you will extend her Class until the said time.

We trust that the above request will meet with your approval.

Yours faithfully,
MAVROLEON BROTHERS LIMITED
