

*Liverpool.*

## Lloyd's Register of Shipping.

Port

NEWCASTLE UPON TYNE

2nd June, 1950.

This is to Certify that

J.H. MATTHEWS

the undersigned Surveyor to this Society did at the request of

Messrs. Alex. Esplen & Co., Limited, Liverpool survey the Comyn  
Oil Separator, 4' 0" dia. and 4' 0" high Order No. O/115/50, Serial  
No. 506, during construction at the Neptune Engine Works - Walker-  
Tyne - Messrs. Swan, Hunter & Wigham Richardson, Limited, on  
the 11th May, 1950.

The Comyn Separator is of approved design and has been  
constructed under special survey.

The steel plate body was satisfactorily tested by  
hydraulic pressure to 20 lbs. per square inch and the solid drawn  
steam heating coils and connecting pipes to 400 lbs. per square  
inch.

The relief valve fitted to the body of the Separator has  
been adjusted to 20 lbs. per square inch and the spring loaded non-  
return valve on the discharge overboard has been adjusted to 7½ lbs.  
per square inch.

For identification purposes the Separator body has been  
marked:-

O/115/50 S.R. 506  
Lloyd's  
Body Test 20 lbs.  
Coils " 400 lbs.  
J.H.M. 31.5.50.

The Separator is intended for Messrs. Cammell Laird &  
Company Limited, Birkenhead. s.s. "PROSPECTOR."

£3. 0. 0.

*J. H. Matthews*  
SURVEYOR TO LLOYD'S REGISTER  
OF SHIPPING.

is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly  
to be understood that neither the Society nor any Member of any of its Committees is under any circumstances  
held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any  
Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of  
or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
