Outstanding items
partly held).....

Hull subject:- See endorsement 3.9.59.
For record DBS 11.59 and machinery limit (before re-commissioning:- See endorsement 6.1.60.

Proposals
already agreed

On 8.10.59 a proposal to hold a General Examination with a view to postponement of the Special Survey within the year of grace was approved but not proceeded with as the ship was then laid up. On 8.12.59 the Committee agreed to the class remaining undisturbed provided the outstanding surveys are held before the ship proceeds to sea. On 25th October a proposal to carry out a General Examination in drydock with a view to a voyage to the Near East and thence with cargo to Japan for breaking up was approved, together with deferment of the Screwshaft Survey. It was required that the port donkey boiler should be examined, together with a number of machinery parts.

Proposal

Technical
Recommendation

The Gothenburg Surveyors are now advised by the Owners that the proposed sale for breaking up has not materialized and that the ship is still laid up in Holland. The year of grace for completion of the Special Survey expired at the end of October, 1960.

Submitted "Surveys overdue 10.59" be assigned.
