Postponements
already agreed

On 8.10.59 a proposal to hold a General Examination with a view to postponement of the Special Survey within the year if grace was appeared but not proceeded with as the ship was then laid up. On 8.12.59 the Committee agreed to the class remaining undisturbed meantime provided the outstanding surveys are held before the ship proceeds to sea.

new proposal

To carry out a General Examination in drydock; to check the wear-down in the stentube + hold a Periodical Loadline Survey, with a view to taking a cargo from the Near East to Japan where the ship has been sold for breaking up. The starboard donkey boiler will not be used.

Technical
recommendation
