1st May, 1928.

Dear Sir,

M.

It is observed from your return of vessels under survey during the week ended 23rd March 1928 that the Steam Trawler "GOONAMBEET" was then under Survey for rudder damage and Special Survey No. 3 for classification.

With regard thereto I have to point out that as this vessel has never before been classed with this Society, it will be necessary for sketches of midship section and profile showing the scantlings to be forwarded with the Reports on the Survey, also a plan of the boiler and plan of pumping arrangement, and the usual particulars of machinery and sizes of shafting.

It will also be necessary for First Entry Reports on the Hull and Machinery to be forwarded, as well as Reports on forms 8 and 9.

I am, Dear Sir,

Yours faithfully,

A.C. Heron, Esq.,
SYDNEY, N.S.W.
