

LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

/P.

Port NEWCASTLE UPON TYNE.17th November, 1953.

This is to Certify that I have

^{Donkey} ^{Part}
 Surveyed the ~~Boiler~~ ^s and ~~Machinery~~ of the Steel Screw Motor Vessel
 "ARNDALIE", 8503 gross tons of London, whilst afloat and in drydock at
 Hebburn on account of Damage to the main engine crankshaft, stated
 sustained following the engine room having been flooded to sea level
 whilst the vessel was on passage in ballast from the River Tyne to
 Curacao on the 19th January, 1952, and Docking, Annual Donkey Boiler
 Survey, Advancement of Continuous Survey of Machinery and Heavy Oil Fuel
 and that I have transmitted to the Committee of Lloyd's Conversion

Register of Shipping, London, a Report stating that all
 recommendations made by me in connection therewith have
 been carried out to my satisfaction, and that I have
 Recommended that the record of DBS. 7.53 now and LMC. CS.

with date

be made in the Register Book in the case of this vessel when
 the survey has been completed.

Parts now examined:—

Sea connection inlets and discharges.

All main engine cylinders, liners, valves and valve gears, transverse
 beam bearings and pins, upper and lower pistons and rods. Nos. 2
 and 4 main engine side rods, centre and side crossheads and bearings,
 connecting rods, centre and side crank pins and bearings. Nos. 1 and
 3 Main engine centre crossheads and bearings. All (Nos. 1, 2, 3,
 4 and 5) Main engine crankshaft journals and bearings. Thrust
 block shaft and bearings. Main engine attached lubricating oil
 pump, fresh water cooling pump and sea water circulating pump.
 Port and Starboard air compressors with their engines and intercoolers.
 Steam dynamo (30 Kw) engine and diesel dynamo (30 KW.) engine.
 Auxiliary condenser. Bilge pump, ballast pump and G.S. pump.
 Lubricating oil cooler and fresh water cooler. Windlass engine.
 Port and Starboard donkey boilers.
 Alterations to enable heavy oil fuel to be used in the main engine.

W. H. Houslow
 Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed,
 to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be
 responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register
 or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member
 of, or the Surveyors, or other Officers or Agents of the Society."
