

CLASSIFICATION.

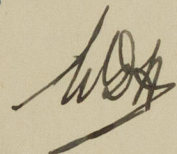

"EL. LIBERTADOR".  
Electrical Installation.

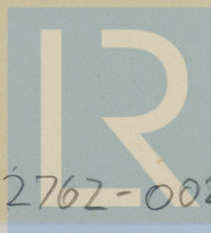

The Builders' Electrical Specification  
has been examined and the installation appears to  
meet the requirement of the Rules. In view also of  
the age of the installation and the satisfactory report  
(No. 2077) issued by the Mobile Surveyors <sup>on</sup> and the condition  
of the installation, It is considered the installation  
is eligible for the classification proposed.
