12th September, 1958.

Dear Sirs,

Motorship "FULANI"

assn (S)

AC/CB

Reverting to my letter of the 20th June last, I would acquaint you that a report has now been received from the Society's London Surveyors of a survey carried out last month, from which it is noted the starboard main engine number 4 cylinder cover has been examined and found to continue efficient.

The Surveyors recommend, however, that this cover should be again examined before the end of February, 1959, and the class of the ship has been continued subject, inter alia, to this matter receiving attention by that time.

Yours faithfully,

c.c. Liv.

pro Clerk to the  
Classification Committee.
