28th July, 1925.

Dear Sirs,

T.

It is observed that you have not as yet entered in your Rough Fee Book or in your A/c. 4a the sum of £300 paid at Philadelphia on the 11th May in respect of your proportion of the fees charged for the survey for classification of the steamer "BETTERTON". I therefore think it well to say that in cases such as the above it is desirable to enter the amount in your Cash and Rough Fee Books immediately upon receipt of the advice of payment, one of which I presume you received in this instance from Philadelphia. I shall accordingly be glad if you will kindly make the necessary entries upon receipt of this letter.

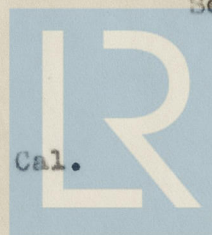

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

SAN FRANCISCO, Cal.
