

# Lloyd's Register of Shipping.

Port Cleveland, Ohio.

C.603

April 3, 1923.

**This is to Certify** that

G. Drummond

the undersigned Surveyor to this Society did at the request of

the Hooven, Owens, Rentschler Company, Hamilton, Ohio, attend at their works on February 19, 1923, and subsequent dates, and examine during erection, one set of triple expansion Marine Engines, diameter of cylinders 24 1/2" x 41 1/2" x 72", stroke 48", builder's shop No. 5132, intended for installation in steamer "JOSIAH MACY".

The materials and workmanship employed in the construction of the above mentioned engines, so far as can be seen, are sound and efficient. The vessel for which they are intended has been recommended for record of L.M.C. (Lloyd's Machinery Certificate) in the Register Book of this Society, on the engines being fitted on board in accordance with the Society's requirements, and proving satisfactory when tested under working conditions.

*G. Drummond*

Surveyor to Lloyd's Register of Shipping.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
