Enclosure

15th March, 1960.

Classn (S)
AH/BS

Dear Sirs,

Motorship "DESMOULEA"

The Society's Surveyors at Singapore have furnished a plan prepared by the Singapore Harbour Board (drawing No. R/1443) showing the thicknesses of the shell and deck plating of this ship as ascertained by drillings on the occasion of the recent dry docking at Singapore.

An examination of this plan indicates that renewals will be necessary on the occasion of the Special Survey due in October, 1960, and these have been indicated in red on the plan for your guidance, it being assumed that the drillings are representative of the general condition of the plating. A copy of the plan indicating the renewals necessary is enclosed.

Recommendations for renewal of plating outside the cargo tank length and any amendments to the renewals indicated at present that may be necessary will be made by the Society's Surveyors at the time of the survey.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

Messrs. Shell Tankers, Ltd.,
Ibex House,
Minories,
London, E.C.3.
