Dear Sir,

tanker "DESMOULEA"

During the recent annual docking (see Singapore Report No.13686 dated 28th December, 1959) the Owners decided to drill test the shell, deck and internals for their own records only, because the next due date for classification drilling is 10,64.

The Surveyors were asked to co-operate and accordingly can verify the thicknesses ascertained by drilling at that time.

We have now been requested by the Owners to have your approval and accordingly are forwarding two copies of the drawing showing drill test measurements.

Yours faithfully,

Imac hood

FOR THE SURVEYORS.

The Secretary,
LONDON.
