

4E

by Chief Engineer Surveyor..... Received from Chief Engineer Surveyor..... 17 JUN 1959
S NAME..... DRAKENSBERG CASTLE..... REPORT..... Nwc..... 116238
..... No.....

The class is subject to the 2" and 1¼" tubes of the port and starboard Main Boilers being again examined at Newcastle with a view to extending the limit for renewal of these tubes until 9.59.

SRL: The above item dealt with in accordance with London letter of the 2nd June, 1959, and the Surveyor reports that the present condition of the tubes considered satisfactory and recommends that the class be made subject to the 2" and 1¼" tubes of the port and starboard main boilers be re-examined and renewed as necessary by the end of September, 1959.

IT IS SUBMITTED this vessel is eligible to remain as classed subject as now recommended and without other special condition.
