Dear Sir,

"JULIAN PRESA"

We have to acknowledge receipt of your Classing Letter of the 8th October regarding the condition of class recommended in the case of the above named steamer.

The Owners' Representative has been informed that the Committee have agreed to the inclusion of an Eastern Mediterranean Port in our recommendation and amended Interim Certificates have been sent to him. A copy of the amended certificate is enclosed for attachment to our Report No. 60247.

We have not yet received a reply from the Owners' Representative to our request for information about the Main Boiler Survey but this information will be sent to you as soon as we receive it. The vessel is laid up in Cardiff Docks and there appears to be little prospect, at the present time, of it leaving this port.

Yours faithfully,
The Surveyors,
