

# Lloyd's Register of Shipping,

55, Fawcett Street,

Sunderland, 30th May 1932.

Dear Sir,

In reply to your letter of the 28th instant, forwarding Freeboard Certificates of the S.S. "WHITWOOD" and your enquiry with reference to the freeing port area, I have to state that the additional area has been obtained by cutting an extra freeing port of same size on each side of the raised quarter deck bulwarks, viz:- 2'75 x 1'50 and fitted with two round bars fore and aft.

I am, Dear Sir,

Yours faithfully,

*James Dickie*
