

"ILHA GRANDE"

Before this case receives the consideration of the Committee, it is submitted to the Surveyors' attention in accordance with the Secretary's letters of the 29th July '60, and September '60 and the accompanying memorandum, they be advised that if all conditions contained therein were dealt with a more detailed report should have been submitted itemizing the points in the letters and memorandum.

It is noted that the shell has only been examined at one station and that the strength deck has been drilled. This is contrary to the requirements of paragraphs C231 and C 306 of the Rules, and their amendments are requested.

This ship has not a tanker freeboard.

They should also be advised that during survey held at Santos 30.1.61, the after centre portion of No.1 'tween deck plating was found damaged and it is concluded that this matter has now been dealt with.
