Dear Sir, ANSD.....

ance
"S"

Sunderland Rpt. 34479.

S.S. "GALEOMMA".

Electrical Generating Sets.

In reply to your Classing Letter of the 5th instant, we confirm that the dynamos fitted in the above vessel are of 30 k.w. size, but stamped on the nameplate as 25 k.w. to suit the cable sizes shown on the approved plans, and we enclose an explanatory letter from The Sunderland Forge & Engineering Co. Ltd. upon the matter.

As this question may arise in connection with other similar installations now going forward, we should be glad to know at the earliest whether this arrangement is acceptable to the Committee.

We are, Dear Sir,

Yours faithfully,
THE SURVEYORS,
PER:

The Secretary,
LONDON.

P.S. The Certificates are returned herewith.
