SURVEYORS

Dear Sir,

S.S. "CONTE GRANDE" . -  
Refrigerating Machinery . -

With reference to letter "E" of 1st June, 1927, we  
attach Genoa Report 9941 together with our report on form  
Rpt. 10 . -

The machinery was apparently built about 1920 but we have  
not entered this date in the "Particulars" on the last page  
of the report as we are not certain of it . - Perhaps Messrs  
Hall could furnish the precise date . -

Should the makers' signature be required, please have the  
report signed by Messrs Hall . -

We have sent a copy of both reports and of our correspon-  
dence to the Trieste Surveyors . - Perhaps you would be good  
enough to advise them as to what date of construction should  
be assigned and as to whether the Special Survey cross may be  
recommended . -

We are, Dear Sir,

The Secretary,  
LONDON . -

Yours faithfully,

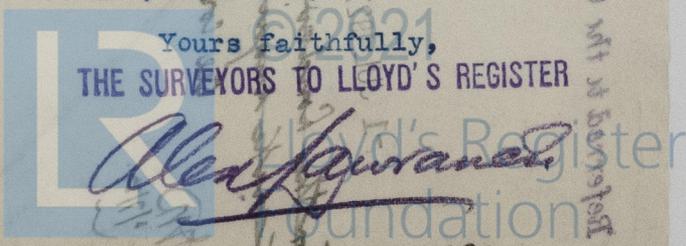

THE SURVEYORS TO LLOYD'S REGISTER
