R.

Dear Sirs,

S.S. "CITY OF EDINBURGH"
to be renamed "CASTLE MOUNT"

It is noted from the shipping papers that the vessel is now owned by the Hong Kong Salvage & Towage Co., Ltd., and is bound for your port from Bremerhaven.

The machinery class is at present continued subject to:-

- (1) The port forward, centre forward and starboard forward boilers being specially examined in way of combustion chambers and dealt with by 6.61.
- (2) The port aft and centre aft boiler combustion chamber repairs being carried out by 6.61.
- (3) The Main Boiler Survey being held before the end of June, 1961 on arrival at Hong Kong, where the ship is proceeding.
- (4) The starboard aft boiler not to be used until repaired.

I would add that the hull class is continued subject as stated in the Special Reasons List No.181 and that the year of grace previously approved for the postponement of the Special Survey will expire at the end of July.
