

4E

subject to the Port Forward, Centre Forward, and Starboard Forward boilers being specially examined in way of combustion chambers and dealt with by 4.61; Port aft and Centre aft boilers combustion chamber repairs being carried out by 4.61, and Starboard aft boiler not to be used until repaired.

by Chief Engineer Surveyor..... Received from Chief Engineer Surveyor.....

NAME "CITY OF EDINBURGH" REPORT LON No. 144585.

SRL.

Port Forward, Port aft and Centre Forward boilers examined internally and all boilers, with the exception of the Starboard aft boiler, examined under steam and the Surveyors recommend as follows:

- (1) The Port Forward, Centre Forward and Starboard Forward boilers be specially examined in way of combustion chambers and dealt with by 6.61.
- (2) The Port aft and Centre aft boiler combustion chamber repairs be carried out by 6.61.
- (3) The MBS being held before the end of June, 1961 and to be held on arrival at Hong Kong where the ship is proceeding.
- (4) The Starboard aft boiler not being used until repaired.

IT IS SUBMITTED that this vessel is eligible to remain as classed subject as now recommended.
