

"EFFIGYNY"

BEFORE this case receives consideration  
IT IS SUBMITTED the Colombo Surveyors be informed  
that in view of the age of this ship and contents  
of their Report No. 4448, the case must be reported  
to the Committee, and for their information they  
should ascertain and advise by cable the Owners  
definite intentions with regard to the S.S., which  
will include full drilling as for a "D" Survey and  
all necessary repairs, also to state whether the  
ship is in a satisfactory condition to lay-up  
indefinitely.
