LONDON

communications to be addressed to—
THE SURVEYORS.

M.

Dear Sir,

motor vessel "ERINNA". (Your letter of the 10th inst.)
From the records in Mr. Leeuwenburg's note book,

who is at present on holidays, it appears that the flanges of the bottom longitudinals are 110 mm. in width as shewn on the approved plan. With reference to the last paragraph of your letter I may state that a second deck is fitted clear of the cargo tanks, as in the case of the sister ships.

I am, Dear Sir,

Yours faithfully,

The Secretary,

London.
