23rd April, 1921.

Dear Sirs,

S.

With reference to your letter of the 12th instant regarding the classification certificate for the machinery of your steamer "KERRYMORE", I beg to acquaint you that the fees for the survey of the machinery were paid by Messrs. Campbell & Calderwood last month, and the certificate of classification for the machinery was handed to them in the usual way.

Upon further enquiries being made of them by the Society's Surveyors at Glasgow, it is stated that the Engineers have communicated with the Liquidators of the Larne S.B. Co., Ltd., and are awaiting a reply from them, but they assure the Society's Surveyors that the machinery classification certificate will in due course be sent to your goodselves.

I am, Dear Sirs,  
Yours faithfully,

Messrs. John Kelly, Ltd.,  
Station Street,  
Queen's Quay,  
BELFAST.
