2nd November, 1950.

Dear Sirs,

Steamer "ISLE OF GUERNSEY"

With reference to your telephonic enquiry in regard to the fees to be charged in this case, I would confirm that in the original discussions with the Railway Executive it was agreed that fees would be chargeable in accordance with the published scale; and in cases of their ships you should therefore charge a quarter of the scale fee for the machinery survey on each M.O.T. survey, in addition to the Boiler Survey fee.

Yours faithfully,

Assistant Clerk to
the Classification Committee.

The Surveyors,
SOUTHAMPTON.
