1 Enclosure.

24th November, 1920.

41

Dear Sirs,

E. I return herewith the plan forwarded with Mr. Miller's letter of the 20th instant of the main boilers of the ex German Steamer "WILHELM HEMSOH", and with regard thereto I have to acquaint you that provided the boilers be examined and found in good order and safe working condition & their scantlings be in accordance with the plan, they will be approved for the original working pressure of 185 lbs per square inch.

I have to request that you will forward particulars of the cylinder diameters, length of stroke, shafting, diameter of propeller, and a plan of the pumping arrangements, and also state whether the screw shaft is fitted with a continuous liner or otherwise,

I am, Dear Sirs,

Yours faithfully,

The Surveyors,
MIDDLESBROUGH.
