25th July, 1930.

Dear Sirs,

With reference to Sunderland Report No. 30422 on the machinery of the Steamer "SONJA", it is concluded that the area of safety valve given on the report applies to each valve and not to each set of valves, or that the valves are of the Cochran Improved High Lift Type, but I shall be glad if you will confirm this.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

SUNDERLAND.
