(S) Dear Sir,

Motorship "INDIA"

In reply to your letter of the 28th December last we beg to inform you that the Owners state that the vessel has had the longest stays at North China harbours where there are no Surveyors to the Society. Also that the chief engineer has again been instructed to have the survey completed at an early date and that he has acknowledged receipt of the order.

Further that the vessel is expected to Copenhagen on the 19th March and if the survey is not completed before that time, it will be done here.

The vessel is on her way home and it is not likely that she will call at any ports in the meantime.

Yours faithfully,
