18th January, 1931.

Dear Sirs,

S. With reference to your first entry report No.8405 on the Motorship "INDIA", I have to say that it is concluded the sizes of the upper and second deck beams are as approved but I shall be glad to learn whether this is so.

At the same time, you should state the total capacity ^{in tons} of the tanks at sides and between the tunnels, and also forward a copy of the midship section of the vessel as built.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

The Surveyors,

COPENHAGEN.
