

W O K I N G H A M C O P Y

8th April. 1942

My Dear Mr. Wood,

With reference to Leith First Entry Report No. 20665 on the "CORFOSS", I shall be glad if you will kindly state whether $\frac{3}{4}$ " rivets with $2\frac{1}{8}$ " spacing have been approved for the butts of the .61" plates of the upper deck sheerstrake of this vessel, as this does not appear to be in agreement with the midship section.

It is noted the same arrangement has been reported in the case of the sister vessels "CORFERRY" and "CORFIELD".

Mr. Ward is at present absent owing to illness and I cannot find any confirmation of the matter in this office.

A reply by return mail will oblige.

Yours sincerely,

James C. Bykes

R. Wood Esq.,
LEITH.
