Dear Mr. Carey,

I beg to acknowledge your letter of the 24th March on the question of enclosing the departmental letters in separate envelopes and note your remarks. This practice has now been stopped.

No reply has yet been received from the State Mechanical Engineer regarding the Dredger " RUKAMAVATI ".

Things move very slowly in these Native States, especially if money is required.

Everything has to be budgeted for in advance and no expense can be incurred without at least a month's notice being given to the Treasury.

It is over two months since I wrote him, however, and I think a polite request for an acknowledgement of my letter will not be out of place, so I'll write him tomorrow.

Yours faithfully,

B. Southwell
