QUESTION

ANSWER

With reference to the entry in the S.R.L., I shall be glad to learn what arrangements are proposed to be made for the condition of class to be dealt with as recommended.

Date:— December the 7th 1961.

When the vessel was taken up the slipway at Skaale on November the 13th the Tailshaft Liner was built up as recommended, the indented plates were inspected but no alteration was noticed. Therefore in my opinion it can be left to the Owners convenience to deal with them.

Mainwhile, I remain, Yours faithfully

Wilhelm Nielsen, Thorshavn
