

3rd June, 1960.

FALMOUTH.

13747, "STANMORE" The contents of your report have been noted. When this proposed voyage was discussed with the previous Owners it was made clear to them, in accordance with the usual practice, that any Certificate issued would be as an unclassified ship. It is regretted that when the matter was discussed with you this point was not brought to your attention.

For your future guidance, however, I would point out that in any cases of this nature, the Interim Certificate should indicate that it is issued as for an unclassified ship.
