Dear Sirs,

M.S. "DRUPA"

Our Head Office recently enquired of us regarding the main engine Nos. 3 & 7 cylinder covers (Metalocked) which were due to be re-examined by the end of June 1960.

We advised them that the ship is still laid up at Singapore and in their reply they have requested us to inform you that the machinery condition of class should receive attention before the ship again proceeds to sea.

Yours faithfully,

FOR THE SURVEYORS.

c.c. Secretary, London.
