Enclosures.

3rd March, 1960.

sm(S)  
EME

Dear Sirs,

## Motorship "DRUPA"

The Society's Surveyors at Singapore have sent a plan to this Office which has been prepared by the Singapore Harbour Port (Drawing No. R.1432) with the request that the case should be examined for diminution of upper deck and shell plating. It is understood that this drilling was carried out at your request.

An examination of the plan indicates that renewals will be necessary at the Special Survey which will become due in August, 1961, and these renewals are indicated in red on the drawing for your guidance, it being assumed that the drillings are representative of the general condition of the ship. A copy of the drawing is enclosed.

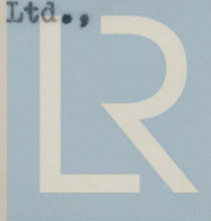

I would point out, however, that the indicated renewals are subject to any amendments that the Society's Surveyors may consider necessary at the time of survey and that the deterioration is such that the Special Survey will require to be carried out at the due date.

Yours faithfully,

c.c. Sng.

Deputy Clerk to the  
Classification Committee.

Messrs. Shell Tankers Ltd.,  
Ibex House,  
Minories,  
LONDON, E.C.3.
