

7th April, 1949.

Dear Sirs,

S.S. "THAUMASTUS"

I beg to acquaint you that in February last the Barrow Surveyors examined temporary repairs to bottom plating in way of fore peak effected at Port Said during the previous month and recommended that permanent repairs be carried out by the end of last month, and in these circumstances I shall be obliged if you will kindly let me know what arrangements are proposed to be made for this matter to receive attention.

I take this opportunity to point out that the Water Tube Boiler Survey will become due at the end of next month.

Yours faithfully,

Esso Petroleum Co. Ltd.,
