N.B.—Any alterations in existing particulars in the Register Book should be reported and underlined.

Last Report: No. 6131

To be filled in at Head Office.

Port C.C.D.

Particulars of Classification (which must be inserted precisely as
in Register Book and Supplement)

Surveys must be reported in the terms of the Rules. The nature and extent of Examinations and Repairs (if any) must be stated in detail, the parts examined and their condition being clearly indicated. For Annual, Special or other Condition Surveys the Summary of Examination and Condition on the back of the Report is to be carefully completed and amplified if necessary in the body of the Report. Outstanding items to complete the Survey should be summarised at the end of the Report. The reasons for Repairs must be stated. Repairs on account of Damage (the alleged cause of which must be stated) should be separated from Repairs due to other causes, and, besides being detailed in the body of the Report, should be summarised in the form below. When, at a Special Survey, the Shell and Deck Plating is drilled the results must be reported on Report 8(Dr). Whenever Anchors or Chain Cables are replaced or retested the necessary particulars are to be given on Report 8(Eq) which is to be attached to this Report.

Give dates and references to any letters relating to this Report

Was a damage report made by anyone else? If so, by whom?

EXAMINATION AND REPAIRS AS PER RULE FOR DOCKING SURVEY AND TEMPORARY SHELL REPAIRS.

A satisfactory Docking Survey has been carried out, C 3, D 3 p.s. found locally holed and plates rather thin all over. As a temporary repair doublers have been fitted, considering that the vessel will be laid up in U.K. whilst, before being put in service, she will be placed in drydock again.

Damage (cause not stated) found starboard forward,

namely: sheerstrake plate No.2 and xxx strake below sheerstrake plates No.1 and 2 (indented).

It is submitted structure be examined at next S.S. and dealt with as then will be found necessary.

CONTINUATION OVER/OR SHEET 2

SUMMARY OF DAMAGE REPAIRS	Shell Plates	Frames	R. Frames	Floors and Bracket Floors	Inner Bottom Plates	Deck Plates	Beams	Other Items
Renewed								
Removed and Faired or Repaired								
Faired or Repaired in place								

Has a Survey also been held on machinery of the Ship? yes

Is Classification Certificate required? If so, to be sent to

If so, is the Report sent now, or when will it be sent? yes

Has Interim Certificate been issued?

GENERAL OBSERVATIONS, OPINION AND RECOMMENDATION AS TO CLASS

State clearly what alteration, if any, is suggested to be made in the existing Classification or Survey or other records of the Ship in the Register Book consequent upon this survey; for example:—"to remain as Classed in the Register Book without fresh record of Docking"; "to remain as Classed and to have record of drydocking 1.55"; or "to remain as Classed and to have record of drydocking 1.55, and the notation of S.S. . . . 1.55".

It is submitted this ship is eligible to remain as classed with fresh record of Docking 1-61, subject to permanent repairs being carried out to p.s. bottomplates C 3, D 3 (doubled) before recommissioning and sheerstrake plate No.2, strake below sheer No.1 and 2 p.s. forward being examined & dealt with as necessary at next Special Survey.
