Dear Sirs,

S.

With reference to Greenock Report No. 20841 on oil engine machinery for the motorship "DONACILLA", I enclose herewith Grimsby Report Nos. 21030 and 21031 on compressors for this vessel, and with regard thereto I have to request that you will state whether both these compressors were fitted. If not, you should state clearly on the Report which one was fitted and you should make the matter clear regarding the other.

At the same time I shall be glad if you will confirm the capacity of the bilge pump and the B.H.P. of the main engines as these differ from the sister "DARINA".

I also have to request that you will forward to this Office a list of the additional gear, as no list has yet come to hand.

I am, Dear Sir,

Yours
