

Lloyd's Register of Shipping,

17 Battery Place,

New York.

September 30th, 1927.

Dear Mr. Hill:-

I am in receipt of your letter of the 15th inst., dealing with the reports from the American Committee of the 24th August, and duly note your remarks.

The amendment or addition to the Minute in the following cases is noted and agreed to:-

- s.s. "REPUBLICA", N.Yk.Rpt.No.27964.
- "SIAM", S.Fo.Rpt.No. 5244.
- "MAUNAWILI", S.Fo.Rpt.No.5233.
- "GENE CRAWLEY", N.Or.Rpt.No.3243.

s.s. "SANTA TERESA", N.Yk.Rpt.No.27966. The Surveyor informs me that the indented plating was not dealt with at this time, and the Minute in this case should be amended accordingly.

s.s. "CARL D.BRADLEY", Clv.Rpt.No.390. Our records indicate that among the papers sent in this case were six forging reports, and I am enquiring of the Cleveland Surveyor whether these cover all the forgings and castings used in the construction of this vessel.

The necessary enquiries are being made in the remaining cases.

With kind regards.

Yours faithfully,

J. French
