*Skul Sk. "Gard"**Advancement of C.S.**The lubricating oil cooler.**The fresh water cooler.**The cooling water pump for aux. engines.**Donkey Boiler Survey:*

Examined internally and externally the 2 donkey boilers and found them with safety valves, manholes with doors, steam pipes and mountings in good and safe working condition. The control gear, oil fuel and steam smothering installations examined and tested under working conditions.

The safety valves adjusted under steam to 142 lbs./sq. in.

Indian Certificate issued - Copy attached.
