29th January, 1954.

n.(H).

Dear Sirs,

With reference to the Donkey Boiler Survey which became due in July last on the Motorship "GARD", I have to inform you that to complete this inspection and entitle the vessel to the record DBS 5,53 the safety valves of both boilers require to be adjusted and the oil fuel and steam smothering arrangements examined.

The Owners have informed the Bergen Surveyor that the vessel has now been drydocked at Hong Kong and that it is assumed the Donkey Boiler Survey has been completed on this occasion. Your report is awaited in due course.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
HONG KONG.
