

Lloyd's Register of Shipping,

Gran Hotel,

Cadiz, 3rd October, 1940.

R. LANGLANDS.
SURVEYOR.

Dear Sir,

I have been in communication with Messrs. Ybarra & Co. with reference to their purchase of the American steamers "President Wilson" and "President Lincoln" and the possibility of these vessels being re-classed with this Society and I have now received a letter from them in which I am informed that the former vessel - now named "CABO DE BUENA ESPERANZA" of Seville - has been reclassified with the Society and with the American Registry, in San Francisco, California.

Dear Sir,

Having received a letter from the Barcelona Surveyor stating that the Cia. Trasmediterranea had decided to reclass their motor vessel "CIUDAD DE ALGECIRAS", I called at the local office of that Company and was informed that the vessel would arrive here shortly for the carrying out of the Special Survey. I also enquired regarding the reclassing of the "CIUDAD DE CEUTA" and the local manager promised to make enquiries.

I am, Dear Sir,

Yours faithfully,

The Secretary,
Wokingham, Berks.
