Dear Mr. Turner,

s.s. "EAGLESDALE" (Tanker)

Thank you very much for being so patient with my enquiry about the Notation to be recommended in the case of the above named vessel and for giving me such a clear picture of the official approach to the problem.

I quite see the point about the purely domestic nature of the suggestions which I put forward but I still think that there are 999 people in every 1000 who refer to the Register Book who will not be sufficiently "interested and intelligent about such notations" as to realize that the ship has not yet complied fully with S.S. requirements. However, I shall be perfectly happy to have the case dealt with on the lines suggested by you in the sure knowledge that there will be no repercussions on the Cardiff Surveyors.

With many thanks and kind regards,

Yours sincerely,

*John Formald*
